

### AccuKnox Wins #1 AI Security Startup of 2025.

- We're buzzing with excitement for what's to come!
- From the initial pitch to the final announcement, the winning journey was enthralling. Competing alongside incredible talents from @BUGZ, [Privacy Pillars](#), [SecOps Solution](#), [Auriseq](#) and [Nebula](#) our team brought their world class skills to play, showcasing the power and potential of our cloud-native security solutions.
- This win is a huge milestone, reflecting countless hours of dedication, innovation, and belief in our mission.

Our Latest Updates: So New, They Haven't Even Cooled Down Yet

### SupportLogic partners with AccuKnox

- SupportLogic has implemented AccuKnox's Zero Trust CNAPP (Code to Cognition™) platform across its multi-cloud environment.
- Results in 50% reduction in security engineering overhead, suppressed alert fatigue, and full compliance visibility (CIS, SOC2, NIST, MITRE, PCI).
- Tyler Pinckard, Head of Security at SupportLogic: *"The toxic combinations detection has already caught threats our previous platform missed entirely."*
