## Events

*Bringing the Industry best cloud security information*

### KubeArmor at India FOSS 2025

Experience live demos of KubeArmor, AccuKnox's open-source runtime security solution, and learn about real-world CNAPP use cases.

📍 NIMHANS Convention Centre, Bangalore, India

📅 September 20–21, 2025, 9:00 AM – 5:00 PM IST

[👉 RSVP Now](#)

### AccuKnox at GITEX Global 2025

AI is here and now. AccuKnox is leading the AI Security wave at GITEX Global in Co-Partnership with CyberKnight.

📍 Dubai World Trade Centre

📅 October 13-17, 2025

# Collaterals

Resources packed with long form and short form security information

The image shows a '1 Pager' for AccuKnox SIEM. On the left, the AccuKnox logo is at the top, followed by 'SIEM' in large white letters and '1 Pager' below it. On the right, the title 'AccuKnox Security Information and Event Management (SIEM)' is at the top. Below it, the main heading is 'AI-First SIEM: Cloud, Container & Endpoint Security'. The content is organized into sections: 'Ingestion@Scale Pipeline' (listing 4 points), 'Architecture & Deployment' (listing 4 key features), and 'Vision & Differentiation' (listing 3 points). At the bottom, 'Business Impact Metrics' are shown: '80% Alert Noise Reduction', '40-60% Faster Incident Response', and '50% Reduced SOC Costs'.

## SIEM - Logs & Events of Critical Assets in One Dashboard

Discover how AccuKnox SIEM delivers advanced threat detection, correlation, and compliance visibility across hybrid and multi-cloud environments.
