DevSecOps Engineers Love Our CNAPP

Public Cloud Security

Architecture

Dashboard

Features/Functions

- ✓ Application Security (ASPM)
- ✓ Infrastructure Security (CSPM)
- ✓ Workloads Security (CWPP, ADR, Runtime Security)
- ✓ Kubernetes Security (KSPM)

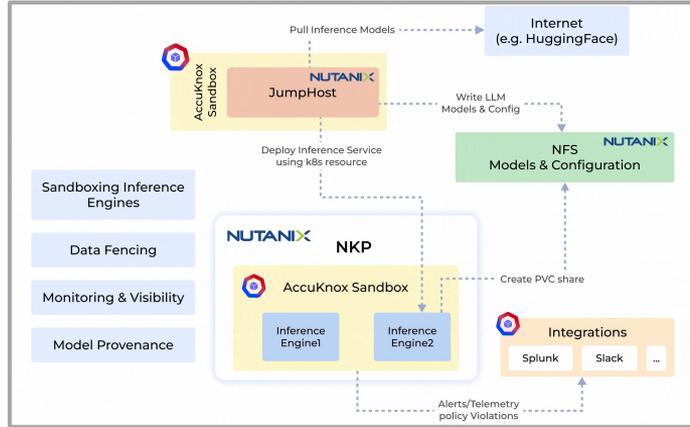

Unique Differentiators

- ✓ Inline Remediation to prevent Zero Day Attacks
- ✓ Public, Private and On-Premise Support
- ✓ 34+ Compliance Frameworks (SOC2, PCI, GDPR)
- ✓ Customized Security Dashboard & Reporting

Private Cloud Security

Workflow

Support Matrix

NUTANIX

Features/Functions

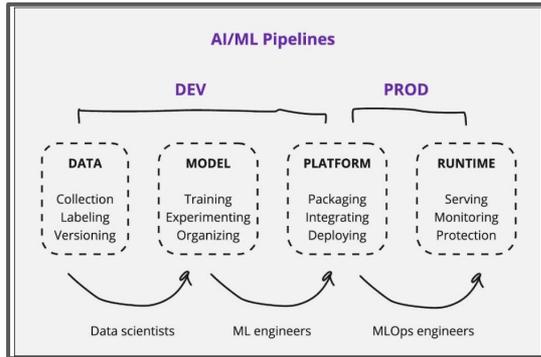

- ✓ VMs, Containers, Kubernetes Risk Assessment
- ✓ Onprem and Managed deployments supports
- ✓ Application Behavior analysis
- ✓ Automated Zero Trust Policies
- ✓ Network Microsegmentation, Forensics, Auditing
- ✓ Onprem and Managed deployments supports

Unique Differentiators

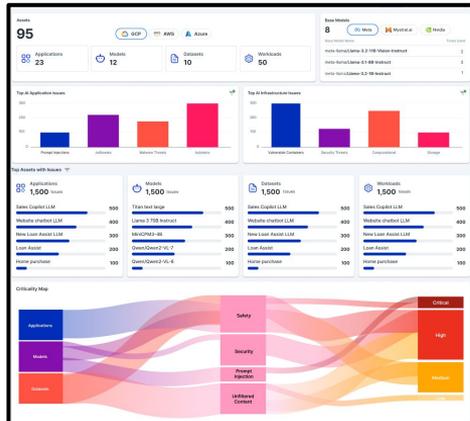

- ✓ Zero Trust on Kubernetes and Virtual Machines
- ✓ ASPM/SAST/DAST/IaC scanning tools integrations
- ✓ Runtime Security: Differentiated offering
- ✓ KIEM: Identities & Entitlements Management

Workflow

Dashboard

Features/Functions

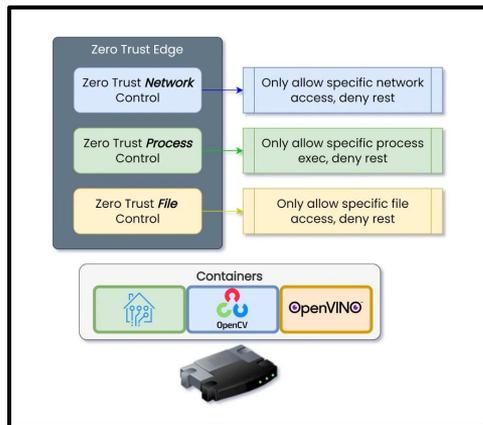

- ✓ Data Security
- ✓ Training Security
- ✓ Model Security
- ✓ Application Security
- ✓ Runtime Security

Unique Differentiators

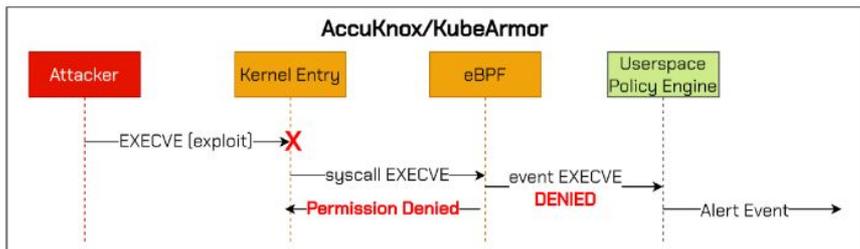

- ✓ Defend Against AI Attack Vectors
- ✓ Built-in AI security best practices from OWASP
- ✓ Achieve multi-cloud AI Workload and LLM Security
- ✓ Attack detection Incident response
- ✓ Safety guardrails for session abuse by users

Workflow

Attack path defense

Features/Functions

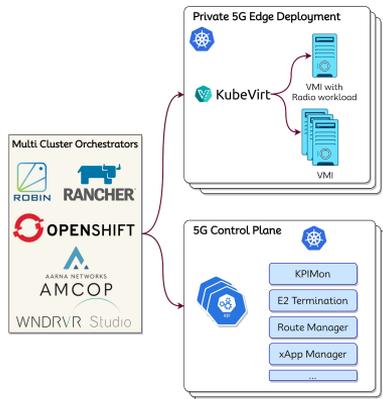

- ✓ End-to-End Edge Security
- ✓ SaaS-based onboarding of edge clusters and VMs
- ✓ Channel integrations with third-party SIEM tools
- ✓ Custom sandboxing for edge applications

Unique Differentiators

- ✓ Joint product SKU by IBM and AccuKnox
- ✓ Protecting AI/ML workloads at the edge
- ✓ Securing Point of Sale (POS) & IoT devices
- ✓ Secure Jupyter notebook access

5G Control Plane Security

Workflow

Dashboard

Features/Functions

- ✓ Validation of SD-RAN Configurations
- ✓ xApp and RIC Security Compliance
- ✓ Control Plane Compliance Enforcement
- ✓ RF-attack detection alerts from 5G-Spector

Unique Differentiators

- ✓ Consolidated Application Behavior View
- ✓ Entity Relationship Understanding
- ✓ Communication Pattern Showcase
- ✓ K8TLS Service Endpoint Scanner
- ✓ Least-permissive xApp/RIC policy generation
